Lunar
THE NEW AWNING SYSTEM

Lunar

The new awning system, meets the highest standards

Introducing the LUNAR Retractable arm awning in its new avatar with excellent strength, finish and durability. Designed and engineered as per contemporary awning components manufactured and accepted globally, the LUNAR components are made with high strength extrusions cut and finished to size. High quality Dies are used to extrude the all new components for the Arm Shoulder, Side Plates, Wall Clamps and Front Bar. All LUNAR components are phosphated and powder coated white to give it a gleaming international look. Side plates, Tube ends and all bolts are covered with molded ABS caps that add beauty and compactness to the awning. Arm sizes available from 5 feet to 12 feet or 1.5 m - 3.5m for exports.

ILLUMINATI
Awnings

A Whole new dimension to spend an evening out with panache.

The Illuminati model from Systems adds a completely new experience to enjoying your awning both in the day & by night. As evident from its name, the Illuminati is an awning with integrated LED lights in the front bar and spot lights either on the front bar or the square bar on the rear. You could switch on both when more light or a festive environment is required or just switch on the spot lights to create just the right ambience for a quiet evening under the comfort of your awning.

The Illuminati for the first time in India also provides you with colored frames. Available in Metallic black & Burgundy, these colors add richness to the awning providing that luxury feel. All plastics are chrome plated for that added touch of panache. Available in projection of 5' -7', 1.5 m – 3.5 m. 3 Years* Limited Warranty on Aluminum Components

fossil

fossil

systems[®]

The FOSSIL is a beautiful basket shaped awning used for protection and adding beauty to windows in homes, offices, clubs & hotels. Manufactured using high quality aluminum alloy extrusions, high impact plastic moulded Hinge Joints and Corner Joints. Can be made in projections of 2' to 5' with custom- made length. Larger lengths would need a T-Joint Hinge set, T-Joint and additional section for support at every 12' or 3.65 mtrs. Installing FOSSIL over windows cuts heat gain inside the room from 67% to 77% thus making the rooms much more comfortable & hence reducing air-conditioning cost by up to 20%!

Fossil Basket Awning

nebula

nebula

systems®

The NEBULA is our Drop Arm Awning with rotation angle of 140 degrees from its fully open position to the fully closed position. Consists of Spring Loaded Arms made of LM6 alloy aluminum extrusions. All joints and brackets are Gravity Die cast with special aluminum alloys, profiles, joints and brackets are chromitized and then powder coated in off-white colour. The NEBULA can be operated using an external Gear Operated Mechanism / Internal Lever operated mechanism with additional gear box or a motorized model with the ease of operation at the flick of a switch.

Vertical Awnings

Systems Vertical Awnings are an extremely efficient form of protecting balconies & verandas from both Solar heat and rain . Covered balconies and verandas could be converted into comfortable zones of re-creation or relaxation provided they can be protected from the harsh heat from the sun and also provide privacy when required. Systems Vertical Awnings do just that , provide the user a completely open view or have the privacy desired to have a private siesta or celebration Vertical awnings can be rolled up or down completely manually or with Motorised operation. Beautiful weather resistant fabrics in the colour & design of your choice to create a setting with the comfort of being indoors and at the same time enjoying the freshness of being outdoors

Dutch Canopy Awnings

Systems Dutch Canopy Awnings, also popularly known as French Canopies are ideal for French windows and Arch shaped windows. Although, initially designed for windows, the application of Dutch canopies is now used extensively even as Entrance canopies. Dutch Canopy awnings provide excellent balance of Solar control combined with Visual control , providing just the right amount of privacy & natural light inside a room. The solar protection benefits go upto 77% protection and Energy savings upto 20% if used on all East & West facing windows.

Beautifying your home is another aspect on every persons mind. Dutch canopies would enhance the beauty of your home to make it more inviting for you after a hard day at work. Guests would feel more attracted & comfortable right from the time they set their eyes on your exterior decor and you would be flattered with praise for your aesthetic cum architectural sensibility.

Systems Outdoor Range of Fabrics

The Largest variety of outdoor Fabrics in the Country.

Max - Water Proof & Self Cleaning

The most beautiful ... double side plains & fancy striped PVC fabrics for commercial awnings ... Sunsetter by Systems ...

Sunsetter is a PVC Vinyl coated Polyester Mesh Fabric is the most Value for Money fabric for small scale commercial establishments. The Sunsetter is available in a range of Plain colours, Classical Stripes and Multiple Fancy Stripes. The Colour and the Stripes is on both sides of the Fabric.

Why use Sunsetter PVC fabric from Systems...

- Sunsetter offers Double side PVC & design for the most economical price.
- Sunsetter has the widest variety of Plain colours, Block stripes and Fancy Multiple stripes compared to any other range in the country.
- Sunsetter is ideal for manufacturing economical range awnings when combined with Systems components giving the customer the best mix of quality and price.
- Sunsetter has been designed & manufactured with optimum thickness & weight to be best suited for both Retractable and Fixed awnings.
- Thicker & heavier fabrics are difficult to handle and put pressure on the awning frame reducing its life by years.
- Sunsetter by Systems is offered on a 1 year manufacturing defect warranty.
- Sunsetter is definitely the most balanced and attractive PVC vinyl fabrics in the Indian market today.

Stand out in the crowd by using the vibrant colours of Sunsetter for your awnings.
